

# A Path To Follow

## Director Advertisement

### Introduction

A Path To Follow provides customised, lived experience wellbeing support to young people and their families. We support young people through one-on-one mentoring partnerships in the community and group mentoring programs in sporting and recreational settings. We help families through tailored professional and lived experience advocacy and peer support.

A Path To Follow is seeking to become registered as a Not For Profit organisation in order to realise its purpose of supporting the mental wellbeing of young people and clients who can least afford to pay for services. It further wishes to widen its reach and impact of mental health education and support, which can only be attained by becoming eligible for NFP grants.

A Path To Follow seeks nominations from suitably qualified people for election to fill the President, Vice President, Secretary, Treasurer and General Board positions at its first ever AGM on **Wednesday 11<sup>th</sup> of November 2020**.

In accordance with guidelines to become a registered Not-For-Profit, A Path To Follow is hosting this first meeting prior to being able to formally apply for NFP Status. In that meeting we will seek nominations for Director Roles and present a draft constitution.
